- **Right on Fairview Ave**
- **Right on Johnsbury Road to Destination**

**Try not to leave gaps between you and the car in front of you. Lake County will be escorting us in a funeral style procession and all major intersections will have coverage. Please keep a tight gap and follow the vehicle in front of you. The lead car will be determining lane usage, so please be sure to stick with the car in front of you. Lake County will be regulating our speed and may even stop at times to ensure the group stays together. Due to the size of our group, not all minor intersections can be covered for the entire line. By keeping a steady pace and a tight gap we can better ensure everyone makes it through the intersections in a funeral style procession.

Lake County squad cars will be embedded throughout our convoy. Please let them in and out of the line as needed, they are there for your safety and to try to maintain green lights throughout the route.

Remember we are all going to the same destination so pack your patience and have some fun!
